## *From the desk of Principal*

Dear Parents, Teachers, and Students,

I am delighted to pen down the latest developments at Modern School, Noida, as we continue our journey towards fostering an enriching and holistic educational environment for our students.

One of our core focus areas has been the integration of art into our curriculum. We firmly believe that art plays a vital role in nurturing creativity, expression, and emotional intelligence. By incorporating various art forms like music, dance, drama, and visual arts into our lessons, we aim to provide a well-rounded education that goes beyond traditional subjects.

Moreover, we take an immense pride in our diverse range of extra-curricular activities and clubs. From sports to literary societies, robotics to environmental initiatives, these activities provide ample opportunities to our students to explore their passion and develop valuable life skills.

At Modern School, Noida, we are committed to providing holistic education that nurtures the mind, body, and spirit of our students. Our teachers and staff work collaboratively to create a supportive and inclusive learning environment where every child can thrive.

We encourage our students to be curious, compassionate, and responsible global citizens. By fostering critical thinking, empathy, and ethical values, we aim to empower them to make a positive impact on society.

As we move forward, we remain dedicated to creating an atmosphere where each student's unique talent will be recognized and celebrated. Together, let us continue to build a community of learners and leaders.

With warm regards,  
Dr. Neeraj Awasthy
